

# Autumn Term in Year 3

## English

- Writing an adventure story based on the stone age
- Creating a holiday brochure for Stonehenge
- Writing a season poem about Autumn
- Reading and writing an alternative traditional tale about the Three Little Pigs

**We are reading...**

We are reading the texts: Stone Age Boy by Satoshi Kitmura, A Range of seasonal Poems, The Secrets of Stonehenge by Mick Manning, The True Story of The Three Little Pigs by Jon Scieszka

## Maths

We will be looking at place value to 1,000 by representing, partitioning (using flexible partitioning), using a number line, comparing ordering amounts to 1,000 and counting in intervals of fifty.

We will also be looking at addition and subtraction by applying number bonds, adding and subtracting ones, adding and subtracting ones across ten and hundreds, estimating answers and inverting operations.

## Science

We will be learning about rocks, soils and fossils by comparing, observing, describing, identifying changes and investigating the permeability of different rocks and soils.

We will also be learning about animals including humans by gathering and classifying animal needs and nutrition, different animal skeletons and identifying how they have muscles for support protection and movement. We will carry out an investigation on joints and make conclusions from the data gathered.

## Art

This term we will be using sketching pencils to draw abstract art and to also create still life drawings of fruit. We will be looking at the art of prehistoric man, Giuseppe Arcimboldi and Carl Warner.

## Design and Technology

During this term we will be designing and constructing a 3-D model of a prehistoric building.

## Geography

This term we will learn the layers of the Earth, how mountains are formed, why volcanoes happen and why they occur, recognise both negative and positive effects of living near a volcano and explain what earthquakes are and why they occur.

## History

For History this term we will learn how long ago prehistoric man lived, use archaeological evidence, explain how bronze transformed prehistoric life, understand the importance of trade during the Iron Age and compare settlements in the Neolithic and Iron Age.

## Music

This term we will be a focus on Musical Styles

### MfL

During French lessons this term we will learn how to say different greetings.

## PSHCE

This term is a focus on living in the wider world, thinking about rules and responsibilities including diversity. We will also be thinking about relationships, communication and bullying.

## Computing

This term we will learn more word processing, drawing and desktop publishing.

## PE

This term we will focus on Outdoor Education and Rugby.

## RE

This term we will focus signs and symbols and Hinduism.
